SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

TECH SKILLS

- Languages: Python, C
- Core Tech: Web Automation, AI Prompting, Frontend
- Web Dev: React, HTML/CSS, FastAPI(Learning)
- Tools: VS Code, Git/GitHub, Antigravity

LANGUAGES

- Hindi
- English
-

PROFILE

"Innovative Computer Science student combining strong technical proficiency in Python with digital content creation and SEO expertise. Highly adaptable and self-driven, with a proven ability to manage end-to-end projects and engage digital audiences. Eager to contribute to a forward-thinking tech team."

EDUCATION

B.Tech in Computer Science and Engineering (CSE)

Kashi Institute of Technology ,Varanasi | 2023 - 2027
Current CGPA: 7.5

Senior Secondary (Class 12th)
Oxford Public School | 2022 - 2023

PROJECTS

AI-Powered Desktop Voice Assistant

- AI Voice Control: Built a Python assistant for hands-free system automation.
- Task Automation: Automated web searches, app launching, and PC commands.

AI-Powered Media Automation Bot

- Automated Meta AI prompt generation and media creation using Python, bypassing paid APIs.
- Engineered a fully autonomous pipeline from image generation to animation and local downloads.
- Solved complex web scraping challenges using Selenium for dynamic DOM manipulation

ACHIEVEMENTS & EXTRACURRICULARS

Self-Taught Developer: Independently researched and developed a functional AI assistant using Python, demonstrating strong self-learning and debugging skills.

Digital Content Creation: Successfully run and manage YouTube channels (like 'Pratik Verse'), consistently creating content and utilizing SEO strategies to build an audience.

Continuous Learning: Currently upskilling in modern software engineering technologies, including Web Development and AI integration, with a structured roadmap for 2027 placements.
